### Synopsis

For many years, Simon McBride has captured landscapes on film. Now he has brought together 100 of his images of Scotland. The photographs, which have not been published before, are complemented by his personal thoughts about the landscape. This is a companion to "The Spirit of England". Simon McBride has been a photographer since 1972 and his work has featured in "House & Garden", "Country Living" and "The Radio Times". He has worked on many books including "Poldark's Cornwall", "In the Shadow of Fujisan", "The Landscape of King Arthur" and "The Spirit of England".
